Introduction:

This prayer was written for people who will receive a blood transfusion and who have already received a blood transfusion.

We know the God says that the life of a creature is in its blood ¹ therefore blood is important as it carries our life.

We see blood many times in the Bible. When it is placed on the doorpost of Israel doors² as a sign and protection, as sacrifices and atonement ³, kosher laws ⁴, looking to the future ⁵ and most importantly the blood of our King Yeshua our Messiah (Jesus Christ of Nazareth) ⁶.

Blood is an important thing for God, as it is the life of His temple. The only temple our God has in this world is our bodies ⁷. We must look after these living temples so that God has a Holy place where His presence can dwell.

If God has ordained for your life to be helped or extended using a blood transfusion, that is His divine will and you should take the blood.

As people often do not know what type of life the donor lived, we might want to clean the blood for the sake of our clean and holy temples. As Paul states we must therefore cleanse ourselves from all defilement of the flesh and spirit for us to be perfecting holiness in the fear of our God⁸.

This is the purpose of this prayer, to cleanse the blood should there be anything that can bring defilement in or upon our own temples. We want our temples to be a holy and clean place for God's spirit to dwell⁹.

Section for God's protection around you before prayer:

I pray that the blood of Yeshua will cover me. I also ask You to cover my house before, after and during this prayer. I take out comprehensive insurance from You for our safety and protection against any forms of backlash, whiplash, judgement, and punishment. We declare the Banner of Y-H-V-H Nissi around us all as protection.

Father, I come before You today in the name of Yeshua. I want to thank You for my life, for Your word says that "for the life of all flesh is in the blood..." (Lev. 17:11). Father, I have gratitude before you that I have oxygen in my blood, keeping every cell in my body alive. Thank You, my Father and King, for the blood of Yeshua, who sacrificed His life to include me in the blood covenants you have made with Abraham in Genesis and grafting me into Israel through His blood. I dedicate my body, spirit, and soul to You now in the name of Yeshua.

Prayer

Father, I come before you today in prayer, because I had to take a blood transfusion to save my life. I thank you for this gift of life and for extending it and making it possible for me to be here today. I am in gratitude before you. "I will give thanks to God because of His righteousness; I will sing the praise of the God Most High" Ps. 7:17.
